

Single Door Magnetic Lock (Weatherproof) - ACDL09

Single Door Magnetic Lock (Weatherproof)

A sturdy weatherproof magnetic single door lock that is compatible with the AKCess Pro Server application when used in conjunction with our Door Control Unit.

This magnetic door locks meet the demands of security professionals, and the most rigorous building and fire regulations and safety codes in the world. With no moving parts to bind or wear out, the electro-magnetic door lock provides instantaneous release, usually from a local exit button.

Suitable for wooden, glass, metal and Fireproof doors.

Finished in Anodized Aluminum.

Ideal for outdoor Access Control systems.

Technical Specifications

Size (mm) : 273L x 44W x 28H

Armature plate (mm) : 190L x 45W x 11H

Holding force : up to 350kg

Voltage : 12/24VDC+10%

Current Draw : 12V/480mA 24V/240mA

Surface Temperature : $\leq +20\text{C}$

Operating Temperature : 10 to +55C (14-131F)

Suitable Humidity : 0~90% (non-condensing)

Weight : 2.5kg
