

Your Solution for Everyday Server Handling.

The ServerLIFT SL-500X powered lifting device is optimal for frequent server moves, fast installations, and handling IT equipment up to 500 lbs.

- ✓ Eliminates risk of equipment damage and injury
- ✓ One tech per move, every time
- ✓ Micro-leveling SmartTILT™ shelf adjustment for precise alignment
- ✓ Move and install stacks of light, thin servers, or fully populated blade chassis
- ✓ Operates a full day on one charge

LISTED
ELECTRIC LIFT
AU6297

Safe, quick, seamless server migration operations.

With its powerful electric motor, the ServerLIFT SL-500X device lifts and supports light to heavy servers, switches, and storage arrays. It makes the transportation, positioning, and installation or removal of rack-mounted equipment a breeze.

- ✓ 500 lb (227 kg) lift capacity
- ✓ Lifts and supports servers to over 52U high (8 ft or 2.44 m)
- ✓ Side-loading usability for loading parallel to racks on either side of an aisle
- ✓ Over 2° of platform angle tilt adjustment
- ✓ Optional 1-, 3-, or 5-year Extended Service and Warranty contracts
